TRAVIS AFB AERO CLUB

FLIGHT TRAINING
CENTER

ABOUT US

Founded in 1954, the Travis AFB Aero Club has provided flight training and aircraft rentals for the members of Team Travis for over 65 years.

We are the first US Air Force flying club to utilize a fleet of Piper Aircraft equipped with glass cockpit technology from Avidyne. Situated in Rio Vista, California, just outside the bustling airspace of San Francisco, is the perfect place to start your aviation career.

Our rates are very competitive, and our highly trained instructors will make sure that you get the most out of your training.
