UNITE PROGRAM

Unite is one component of CSAF Focus Area #1 "Revitalizing Squadrons." Unit Commanders are in the best position to execute resources that benefit Airmen under their authority. This initiative provides unit commanders with the funding to initiate programs that benefit their unit. This program will benefit all Airmen in a unit — Active, Reserve and Civilian (appropriated and non-appropriated employees) directly assigned to the squadron. Consider Outdoor Recreation as an opportunity for UNITE Programming for your squadron. Interested POC's are welcome to contact ODR for possible program ideas, but will need to coordinate with the base Community Cohesion Coordinator to finalize all events.

Unite Contact: (707) 424-0610

The Outdoor Adventure Program (OAP) offers numerous exciting outdoor trips. Many of our OAP trips target specific audiences and provide needed support for our Airmen and their families through the Recharge for Resiliency Program.

Our Private Trips Program is available to anybody on base who would like to work with us in creating a trip specifically for them (i.e. initiatives, team building, etc.). Our Outdoor Adventure Program (OAP) consists of trained trip leaders that help plan and facilitate all OAP trips/activities. Our trip leaders can work with you and your group to focus on creating the perfect trip or activity that will help you meet your desired outcomes. Contact our staff well in advance so planning can occur.

Contact OAP staff for more info: 707-424-0499, odrperkins@gmail.com

Recharge for Resiliency (R4R) is the capstone for resiliency programming across the Air Force. R4R encompasses the following key resiliency components: the Single Airman Programming Initiative (SAPI), Rec-On and Deployed Affected Programming.

SAPI: Provides resources that foster a strong culture, mission and sense of community among single Airmen. Any rank, unmarried + 1 guest.

Rec-On: Provides resources for outdoor-centric, high adrenaline, post-deployment stress reduction, only available through FSS Outdoor Recreation Centers.

DEPLOYED AFFECTED PROGRAMMING

Deployed Affected Programming: Provides resources targeting deployed affected and dependant restricted, Air Force installation assigned service members and their families providing relief from the challenges of deployment. + 1 guest.

*Registration and payment are required prior to the day of the trip. All trips are subject to change due to factors beyond the control of Outdoor Recreation.

*Sign-up for OAP trips via travisfss.com/odr/oap
